Will We Surrender Berlin?

Who understands the **Berlin problem?** Very few of us on the far right.

The **masterminds** who directed the **New Deal** and now direct the **New Frontier** understand it. We at **Common Sense** do not understand the secret maneuvering by the **Harvard Fabian Marxists** in our **State Department,** but we are much afraid they are working on a plan to **back up and lay down.** Their problem is to cloud up their dealings, so the public will not fully realize we were defeated.

Remember our **defeat**—repeat **defeat** in **Korea? General MacArthur** was **forbidden to stop the Chinese communists.**

Remember Cuba? And we learn our **defeat** in **World War 2.** We **defeated ourselves.**

The **New Deal** placed a debt of **350 billion** on our taxpayers to **crush Germany** and **save communism.**

We teamed up with the **Bolsheviks** to crush the only people capable of keeping communism in check in Europe and now for 16 years we keep several hundred thousand military and civilians in Europe not daring to bring them home knowing communists would walk through the Germany we **disarmed.** They would take **Belgium, Holland, France, Italy and the rest of the world.** Now to stop this slaughter thru Europe, and to race for the moon, the **New Frontier is going to bankrupt us.** To this gang that is now out to exterminate us, we gave 11 billion in trucks, tanks, planes and other equipment and food, all the while they were stealing our secrets in Washington and preparing to destroy us after Germany.

How many are today inquiring as to how we got in such a mess in Berlin? We have six and a half thousand of our boys trapped 110 miles inside communist territory in West Berlin. Sixty-seven thousand Bolshevik soldiers and 1200 tanks between our boys and West Germany and 127 divisions of Bolsheviks in front of them. Who were the insane or criminal traitors in our government who are responsible for allowing these Bolshevik-raping apes to take over Berlin and violate every girl and woman as many as 50 times and take East Germany, making West Berlin a fuse for another war? Where do **Truman** and **Eisenhower** fit in this picture? Truman speaking of **Stalin** said: **"Good old Joe."** Eisenhower pleased the Bolshevik top dogs so well.

John G. Winant, former Governor of New Hampshire and then Ambassador to England, succeeding **Joseph Kennedy** who was **forced out by the Jews because he opposed war against Germany,** was in on this sell-out. He killed himself the day after he introduced the book he wrote. Where is that book? Should be interesting. While we are on **missing items,** where is **General Patton's diary?** Patton's wife said she was going to release it if Eisenhower ran for President; she was killed on a horse in New England. The New York Jews had General Patton fired, because he wanted to push on and drive the communist army out.

Special attention should be directed to **George F. Kennan** of the **Council on Foreign Relations,** this mysterious operator who was

in this sell-out up to his neck, speaks Russian and was their buddy for years.

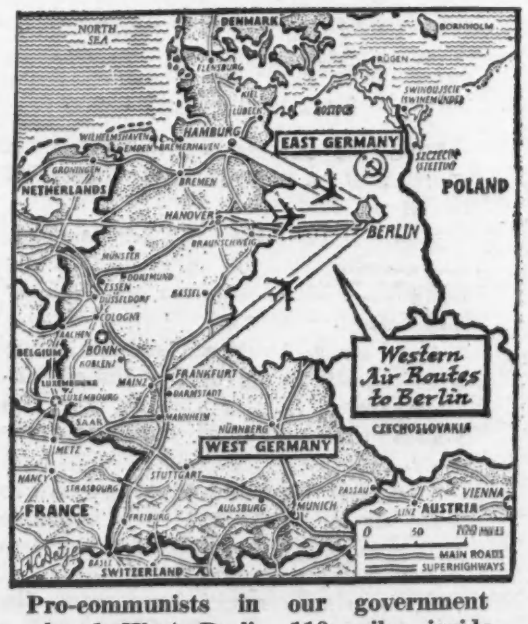
In 1949 at a meeting in the **State Department,** Mr. Kennan stated:

> **"I think there is a distinction between these Russian leaders and people like Hitler and the Japanese leaders of the twenties and thirties. . . . . never in Russian history have the Russians ever, that I can remember, been enthused about any deliberate aggressive action of their own outside of Russia."**

How about Spain, where they sent 100,000 troops, Poland, Latvia, Estonia, Lithuania and several others?

His uncle, **George Kennan,** acted as agent for **Jacob Schiff of Kuhn, Loeb** in 1905 and distributed tons of propaganda to Russian prisoners in Japan, so that 50 thousand Russians, when released, took the germs of communism back to Russia.

Kennan is now our **Ambassador to communist Yugoslavia.** Should he be arrested and tried? **Why not?**



Pro-communists in our government placed West Berlin 110 miles inside communist territory.

Sixteen years after the war, we have allowed the communists to make prisoners of **17 million people in East Germany.** Many Chinese are occupying homes of the Germans who were able to escape.

The **Harvard eggheads** surrounding Kennedy are experts with words and mass psychology. The communist trend for expansion moves on and, as the half-hearted efforts of U. S. opposition fails, the public is lulled to sleep by statements that communism is defeating itself. Our marxist State Department advises **"turn the other cheek."**

We are afraid to employ economic sanctions against East Germany—it may offend the Bolsheviks. How could the good people of the Soviet Union, Poland, Estonia, Latvia, Lithuania and Hungary have any faith in the U. S. helping release them from slavery? We not only do not help them, but we see to it any move for freedom fails. Eisenhower, while in command in Europe, forced several million Russians who escaped into Germany back into the Soviet Union to be slaughtered.

During one week, 30 thousand Ukrainians were slaughtered under the supervision of **Khrushchev.** Thousands of Ukrainians in the U. S. signed a request to **F.D.R.** to protest, but were told it was not the affair of the U. S., so Khrushchev carried on the slaughter of between 8 and 10 million Ukrainians.

F.D.R. did not say it was none of our affair when the **Jews screamed for us to go to war against** Germany. Germany only put the **communists in camps to prevent them from sabotaging,** while Germany fought to rid Europe of communism. Ninety-eight percent of Jews in Europe were communists. What will we do with several million in the U. S. who favor communism if Khrushchev forces us into war?

Kennedy is calling up more men for defense, but this does not guarantee victory. We had plenty of men and weapons in W.W. 2 and Korea, but our courageous boys were dying while the traitors in the State Department were making sure we gained nothing.

We spent billions to place the communists in control of much of Europe; now we are to spend billions more to put them out.

After Khrushchev has **insulted us, bragged he would bury us, made monkeys of us in Berlin, broke every agreement made with us, we ask him for a talk.** Have we forgotten what happened during the **talks on Laos?** Khrushchev delayed, stalled for a month, while the communists gained more territory.

If a group from insane asylums had been given charge in Washington from 1933 to date, they could not have piled up such debt or created such a mess and built up communism, as the eggsheads have done. The insane would have made some mistakes in our favor.

"I will take up the banner where Roosevelt laid it down."
Kennedy

GOP Hits JFK Budget

Washington, Aug. 19 (UPI). —Republicans accused the Kennedy Administration today of raising the federal budget $49 million a day since it has been in office. The publication "Battle Line," put out by the GOP National Committee, also said the New Frontier has added more than 67,000 new employes to the federal payroll in the last six months.

The employment figure does not include ten thousand civilian workers that are to be a part of the new U. S. defense build-up.

There is no way of knowing what percent of these 67,000 are Jews, but Kennedy has placed nearly all top offices under direction of Jews where they direct the hiring of thousands.

If we take this as a guide, it is reasonable to believe that as many as 40 thousand are Jews and the others are marxists or fabian socialists, and no doubt some are dedicated communists.

So far we do not know of one person appointed to the **Jew Frontier** who has distinguished himself as an active anti-communist.

Kennedy personally is opposed to communism although he knew little about it before he was elected. Now the process of learning is painful. To oppose communism effectively he is seriously handicapped, surrounded by **Harvard egg-head marxists** who were forced on him by the leftist organizations that made possible his election. Kennedy is a captive.

May God help him understand in time and give him strength to replace the scheming marxists with strong Christian Americans. Why should Jews, 5% of the population, run our government?

Keep in mind that Kennedy at Roosevelt's grave in Hyde Park, in order to cinch the support of **Eleanor** and **other leftists** who were there, stated: **"I will take up the banner where Roosevelt laid it down."**

To give the reader a more clear understanding of the situation in Washington, we publish below part of an article from **THE PUTNAN SUN** (Palatka, Florida).

BEFORE ROOSEVELT LESS THAN 10 PERCENT OF THE WORLD LIVED UNDER COMMUNIST RULE — AFTER ROOSEVELT 40 PERCENT OF THE WORLD LIVES UNDER COMMUNISM, IS IT A COINCIDENCE?

ROOSEVELT WARNED BY CONGRESSMAN

Before World War Two, congressman **Martin Dies** was head of the **House Committee on Un-American Activities.** In 1941, he presented to **Roosevelt** a list of **1,100 communists** who were on the Federal payroll. This is congressman Dies' report of the interview with Roosevelt taken from a speech of Dies and inserted in the **Congressional Record** of September 22, 1950:

"I went to the White House and saw the President. I said to him: 'Mr. President we must do something about this. Here is a list of many of these people. We have their membership records in a Communist-controlled organization. If you understand the Communists as I do, you will know that they are in the Government for one purpose and one alone and that is to steal important military and diplomatic secrets and transmit them to Moscow."

The President (Roosevelt) was furious. I was surprised at his anger. He said to me:

'Mr. Congressman, you must see a bugaboo under every bed. I have never seen a man who had such exaggerated ideas about this thing . . . THERE IS NOTHING WRONG WITH COMMUNISTS IN THIS COUNTRY; SEVERAL OF THE BEST FRIENDS I HAVE ARE COMMUNISTS.' "

So the communist Jews STOLE our Atomic secrets and thousands of others. That is how Khrushchev can boast and threaten us now.

Requiem of the Republic

By Remlow Harris

Here lies our nation, murdered by enemies from within who pretended to be patriots.

Here rests America, her shroud, the Constitution, the garment that for more than 160 years was her Armour and Sword.

Here rests America, her tombstone that hideous house of the United Nations, whose sinister shadow stretches across the land and darkens every door.

How and why and by whose hands was our nation killed? It is a simple and shameful story of citizens—grown complacent and indifferent—and of statesmen who might have saved the greatest country on the Globe.

Will we surrender Berlin?

—o— Continued from page 1 —o—

Plotters in Washington have fired **General George Patton, General Douglas MacArthur, Admiral John Crommelin, General Edwin Walker** and **destroyed James Forrestal, Senator Joseph McCarthy** and used **every** means available to **destroy Colonel Charles A. Lindbergh** and **many others. They stood up for America!**

We have confidence in our military officers who have had years of training as patriots and tacticians.

We do not have confidence in the fuzzy-brained marxist professors schooled by Harold Laski of the **London School of Economics** or the **red plotters** developed by **Felix Frankfurter** at **Harvard** for 20 years. These masters of confusion run the State Department and sent orders to General MacArthur in the Pacific. The authors of these orders could not be determined by the General.

We suggest this program:

1. Kennedy replace these liberal phonies with red-blooded Christian men.

2. Put a qualified, trustworthy man in charge of the Central Intelligence Agency and start smuggling machine guns and rifles to civilian Hungarians, Polish, Ukrainians and Russians. There is still a large Hungarian underground and the Ukrainian underground has existed for 40 years waiting for help to overthrow the godless gangsters.

3. Put an air and sea blockade on Cuba for everything except food and medicine. If necessary send the Marines in and clean out the Castro gang.

4. Give West Germany the word to put economic embargo on East Germany.

5. Outlaw communism in the United States.

Then we will have the respect of most of the world and especially Khrushchev who will quit spitting in our face.

Should Khrushchev force war, it will be the end of the Soviet Union for Russians and populations in all satellite countries will revolt. The East German army and much of the Soviet Army will desert.

England has **no intention of fighting.** France has plenty of trouble in Algeria. **Germans would really fight.**

We don't urge war on the Soviet Union, **we urge all-out war on communism,** here at home and abroad, by embargoes and encouraging guerilla warfare against the **red devils.**

IMPORTANT

Germany may lose faith with our State Department and see no other course but alignment with the Soviet Union; then, God help us!

The GENERAL WALKER CASE and OVERSEAS WEEKLY

This is more information on the **Marxist** publication which attacked **General Edwin Walker,** resulting in his dismissal as Commander of the 24th Infantry Division in Germany. Reminds us of **General Patton,** fired by **Eisenhower** who was not qualified to be his Major. **Irving Stone, Zionist** reporter for **PM,** the communist-front New York paper, sent an article from Germany which inspired a bold heading in PM, **"Fire Patton"** which was the **signal** for all Zionist journalists to attack Patton.

Same when **Senator Joseph McCarthy** left **Bernard Baruch's** apartment in New York and went to the Dutch Treat Club to speak. The Senator had refused to ease up on the **38 communist Jews** uncovered at Fort Monmouth in New Jersey. Baruch was angry because these Jews were from his pet college. At 2 P.M., **Sen. Ralph Flanders** stood on the Senate Floor and attacked Senator McCarthy. That was the **clue** for nation-wide attacks. Baruch had given the **signal** to **destroy McCarthy.**

OVERSEAS WEEKLY

The **Overseas Weekly** which brought the attack on General Walker is owned and directed by **John Dornberg, Marion von Rospach, Johanna Prym, Siegfried Naujocks, Eugene Bernard, Harold Melahn, — all Jews.**

The **Overseas Weekly is a privately owned newspaper** which is read by English-speaking members of the Armed Forces stationed in Europe. It has bureaus in London, Paris and Munich and a New York office which handles American advertising. The main European office is in Frankfurt, Germany. **Marion Rospach** ✡, is the publisher and executive editor, and **John Dornberg** ✡, is the news editor.

The first and last pages of the paper almost always carry pictures of seminude females. Leads to stories in the paper carried on the first page are lurid: **"Armed GI Holds Family of 5 in Hour of Terror."** (June 14, 1959 issue) Stories and headings throughout every issue of this paper are similarly prurient or violent in their appeal to the reader. Crime, usually violent, and sex, usually in terms of rape or prostitution, are the main themes followed in the pages of The Overseas Weekly.

Also, the paper provides an unusual **"service"** to its GI readers. The July 28, 1960 issue carried a full story on publication of a **"Ladies Directory,"** listing **"play-for-pay gals"** by name and address in the Soho district of London. The Weekly hinged its story on the court proceedings which occurred after issuance of the Directory. No detail was lacking, including the price of the book, its publisher, and where it could be bought.

The October 9, 1960 issue of the paper (page 16) gratuitously provided its readers with the information that one **Marthe Watts** had written a 235 page book on **"The Men In My Life,"** published in London. GI's were informed in detail of the contents of the book, including the **"news"** that its author had been convicted 400 times for soliciting as a prostitute and that her busiest day had been on VE Day in 1945 when she entertained 49 GI's.

One of Marion Rospach's columns is devoted to a commentary on two books. **"The First Freedom,"** edited by **Robert B. Downs** (American Library Association, Chicago, 1960, 469 pp., $8.50), and **"Comstockery in America,"** by **Robert W. Haney,** a Unitarian minister (Beacon Press, Boston, 1960, 199 pp., $3.95.) Marion Rospach informs her readers that **"Roger N. Baldwin,** former director of the American Civil Liberties Union, reviews them in the Saturday Review." She does not, however, reveal to her readers that Roger Baldwin has one of the most extensive records of association with Communist and Communist-front enterprises of any man in the United States, reaching back to the year 1919 when he went to prison for refusal to register for military service in World War I. He raised the endowment and directed the **Garland Fund** in the 20's. This Fund, in just six years, distributed $1,600,000 to direct Communist and Socialist movements, including a whole cluster of Communist newspapers, publishing houses and schools. There are hundreds of references to this man's activities on behalf of Communists and their allies in the various hearings and reports on subversive activities issued by the investigating committees on un-American activities which have been formed in this country from 1919 to date. Baldwin's Communist-front activities extend to the year 1961.

Major General Edwin A. Walker

The American Civil Liberties Committee has been cited repeatedly during its lengthy existence. The California Fact-Finding Committee on Un-American Activities, in its 1948 Report on Communist Front Organizations (page 107-112), gave a detailed account of the ACLU's activities, and stated:

"In its 1943 Report to the Legislature, the Legislative Committee investigating un-American activities in California reported the following finding:

> **'The American Civil Liberties Union may be definitely classed as a Communist front or "transmission belt" organization. At least 90 percent of its efforts are expended on behalf of Communists who come into conflict with the law. While it professes to stand for free speech, a free press and free assembly, it is quite obvious that its main function is to protect Communists in their activities of force and violence in their program to overthrow the government.'**

"The Senate Fact-Finding Committee on Un-American Activities (1948) reiterates the findings of former legislative committees concerning the Communist character of the American Civil Liberties Union."

In addition to the citation just quoted there are numerous additional citations from other sources in recent years, including an **American Legion** report, 1954.

"The First Freedom," which is reviewed so admiringly by Roger Baldwin and Marion Rospach, is a book which came about because of an agreement entered into by its publishers and the Fund for the Republic, an organization which has been the subject of an intensive investigation by the House Un-American Activities Committee. Hearings on various aspects of the Fund's activities and publications—relating to their pro-Communist character—have been printed and published by the House Committee in recent years. (See p. xii of **"The First Freedom").**

The book consists of the writing of various **"experts"** on censorship. As Marion Rospach writes: **"The volume is therefore an argument against all current legal bans on alleged obscenity, incitements in print to juvenile delinquency, political subversion, race libel, sacrilege, blasphemy."**

This book is—in terms of the contents of various of the writings contained in it—viciously anti-Catholic. For example, **John Fischer,** editor of **Harper's Magazine,** is the author of a piece in the book (p. 138), in which he states that Catholics **"are engaged in an un-American activity which is as flagrant as anything the Communist Party ever attempted—and which is, in fact, very similar to Communist tactics."** He was referring to the Catholic listing of books and magazines as unfit for **Catholics to read.**

The Catholic Librorum Prohibitorum Index (listing books unfit to read by Catholics) is described as an **"act of fanaticism'** in the very first pages of the book. **"Lady Chatterley's Lover," "Ulysses,"** and **hundreds** of pornographic and obscene books are described in this volume as being fit for anyone to read, no matter what their age. In fact, John Fischer is so convinced that none of the pornographic and obscene books listed by the Catholics are in fact pornographic that he described the listings as **"the basis of all varieties of fascist thought."**

Authors whose writings appear in **"The First Freedom"** include **Walter Gellhorn, Elmer Rice, John Haynes Holmes, Morris Ernst** (a review of his book, **"To the Pure"**), **Paul Blanshard** (the most notorious anti-Catholic writer in the world), **Max Lerner** (of the New York Post), **Henry Steele Commager, Harold D. Lasswell** (on political subversion), **John Steinbeck, James T. Farrell, Archibald MacLeish, Benjamin Fine** (of the New York Times), **Elmer Davis,** and many others. **Every one** of these authors has a **Communist-front** record.

The second book praised by Marion Rospach is another attack on censorship of pornographic, obscene and other prurient material with particular emphasis on the heinous part played in that censorship by the Catholic Church.

Marion Rospach's column in the March 21, 1960 issue of her paper is again titled. **"Censorship."** In it she quotes from a bulletin which deplores the banning of various books and films in the United States by parents' groups. She singled out the action **of one school group which warned students "against contaminating their minds by seeing the prize-winning film, "He Who Must Die"."** She considered this **"hysteria."**

This film is a straight Communist-line film which attacks basic Christian tenets in a particularly foul manner. Its Directors were **Jules Dassin** and **Ben Barzman.** Both men have been identified as members of the Communist Party. Dassin left the United States to avoid a subpoena by the House Un-American Activities Committee and started producing or directing films in Italy. The House Committee identified him as a member of the Party in its Annual Report issued on December 28, 1952 (p. 44). Ben Barzman was similarly identified by the House Committee in its annual report for 1952 and 1953.

AN UNUSUAL BOOK—

G. I. F. T.

Here is a new book that not every patriot will buy due to its price of $25.00. It was written for the person who would like to have a full education of the Marxist plot in one book. It has taken years to produce. The price is not high when the size and contents are considered. It is the size of a telephone book, 787 pages.

Among the growing number of Christian patriots who are becoming aware that this politico-economic price system social structure is sinking into chaos, there are two groups who will appreciate this book. The first group is composed of those who are as yet uninformed concerning the Jew peril to Christian civilization. They do know however that something is wrong, and they are now beginning to desire to know what can be done about it. The second group is composed of those who are cognizant of the nihilistic source of the Talmudic price system, now degenerating into a frightening stage. This group is also anxious to know the solution to this dilemma.

Twenty-five years of study devoted to this problem has brought the author to the conclusion that Christians must now either accept the discipline of Christ, whose yoke is comfortable, and whose burden is light, or be enslaved under atheistic communism. The author has traced this ideological journey step by step so that the average person can accompany him every inch of the way. Anyone who reads this book will have the truth and the spirit of truth so deeply etched upon his mind that he will never again see events and ideas in the same light and frame of reference from which he formerly viewed them.'

Voters for the Constitution

A recent Memorandum published in the **Congressional Record** of August 2, 1961, is **truly shocking.** Under the beguiling cover of reiterated assertions about the **Constitutional principle of civilian superiority over the military,** it attempts to **discredit** the **professional officers of our Armed Service for their strong stand in support of the Constitution and their opposition to internal communistic subversion in the United States.**

The same paper urges programs that could only result in further impairment of the sovereignty of our Country by progressive weakening through various socialistic and international undertakings.

An insidious attack on the **officer corps and a clandestine assault on the very foundation of our system of government,** what could be better calculated to silence our officers sworn to support and defend the Constitution against all enemies, foreign and domestic? The **case of General Walker** is but **one example** in what appears to be a pattern of **organized intimidation to prevent our officers from alerting their commands and the public to the menace that they are sworn to oppose.**

The silencing effect of that memorandum on the freedom of our officers to discharge their duty to speak, suggest that the hour is late. It also emphasizes the necessity for our sovereign people to protect themselves against further impairment of their system of government through valid enforcement of the Constitution.

With this objective, I urge the citizens in all states, in line with those of Texas and Virginia, to **organize groups as Voters for the Constitution.**

I urge also that these voter organizations undertake to **retire from public office,** both **State and Federal,** all those who have been unable or unwilling to initiate and enact measures to **defend our People and the States from tyrannical usurpations** and to replace them with those who **can and will.**

The resulting line up would be between **(1) those who wish to maintain our liberties and freedom under the Constitution as was carefully provided for by the Founders and (2) those who accept or welcome Federal usurpation which aims at overthrowing the Constitution and establishment of autocratic rule.**

In the final issue, which would be **Constitutional Liberty vs. Centralist Slavery,** the People of the United States, acting in their highest sovereign capacities through their legislatures, **can and must restore the Constitution through valid measures for its enforcement.**

I see RED, I turn WHITE & I feel BLUE

I SEE RED as I vision the precious blood of the countless innocent millions drenching the sacred soil of our dearly beloved United States in World War III.

I TURN WHITE even at the thought of surrender by the United States to the Soviet Union, defeated by them with atomic and hydrogen bombs made from secrets stolen from us for them by traitors in our government.

I FEEL BLUE as I meditate that this fate may too soon overtake us because the nation is too busy making money and having fun to listen to those who still can tell them how they can save their country from ruin.

Only an informed nation can know how to save itself from destruction.
